

# Installing the Texidium Desktop Application for Windows

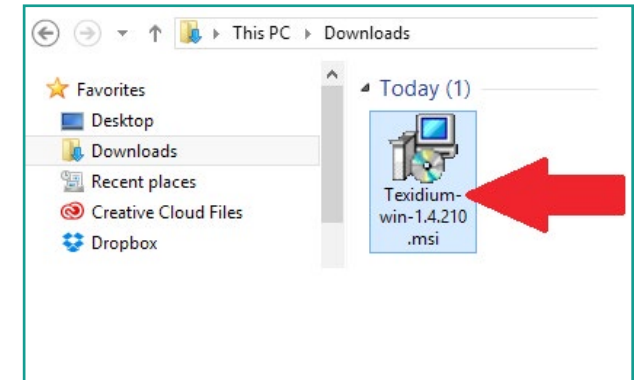

## 1 Go to the Texidium Apps page.

Visit <https://reader.texidium.com/dist/#/apps> for a list of supported devices and download links.

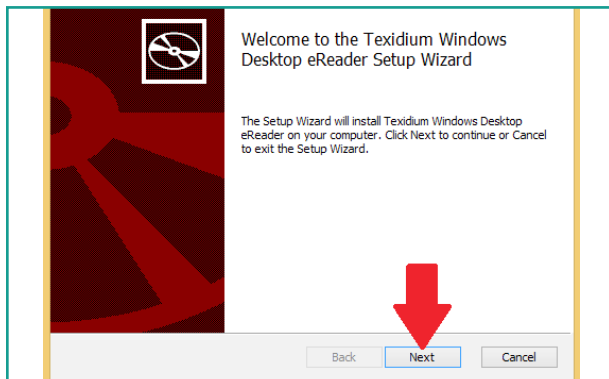

## 2 Download the Texidium eReader for Windows.

Click the "Download" button underneath the Windows app and save the installation file to your computer.

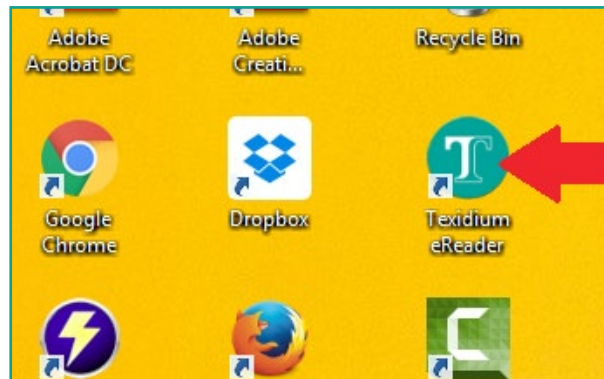

## 3 Run the installation file.

Find and double-click the file you downloaded in the previous step to launch the installation.

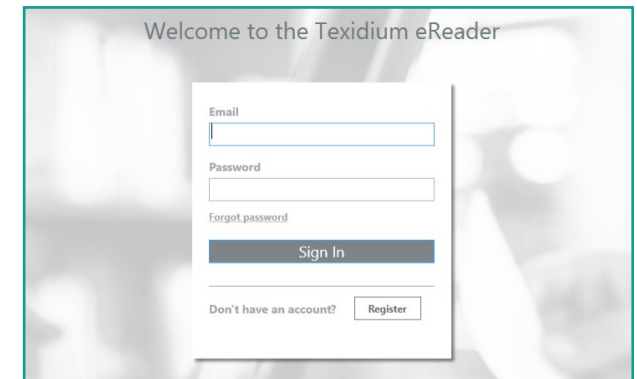

## 4 Perform the installation.

Follow the on-screen prompts through the installation wizard.

## 5 Open Texidium.

Double-click the Texidium icon on your desktop to launch the app.

## 6 Sign in to the Texidium eReader for Windows.

Use the email address and password you provided while registering for Texidium.
