## Installing the Texidium Desktop Application

**For Windows** 

1. Go to the Texidium Apps page.

Visit https://reader.texidium.com/dist/#/apps using the computer on which you wish to install Texidium.

4. Perform the installation.

Follow the on-screen prompts through the installation wizard.

	Texidium eReader for Windows
	Version 1.4.210: Jan 8, 2016
	Requires Windows 7 or higher, and Internet Explorer 10 or higher.
	Download
	Texidium eReader for Mac
<b>É</b>	Version 1.4: Dec 23, 2015
	Requires Mac OS X 10.9 or higher.
	Download

2. Download the Texidium eReader for Windows.

Click the **Download** button underneath the Windows app, and then save the file to your computer.

5. Open Texidium.

Double-click the Texidium icon on your desktop to launch the app. Alternatively, you can launch it through your Start menu.

<ul> <li>Favorites</li> <li>Desktop</li> <li>Downloads</li> <li>Recent places</li> <li>Creative Cloud Files</li> <li>Dropbox</li> </ul>	Today (1)     Texidium- win-1.4.210 .msi
---	--

## 3. Run the installation file.

Find and double-click the file you downloaded in the previous step to launch the installation. By default, it should have saved to your Downloads folder.
