

Sharing and Subscribing to Notes

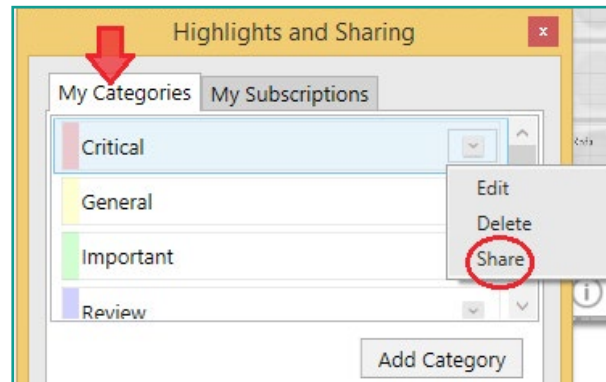

in Texidium Windows

Sharing Notes

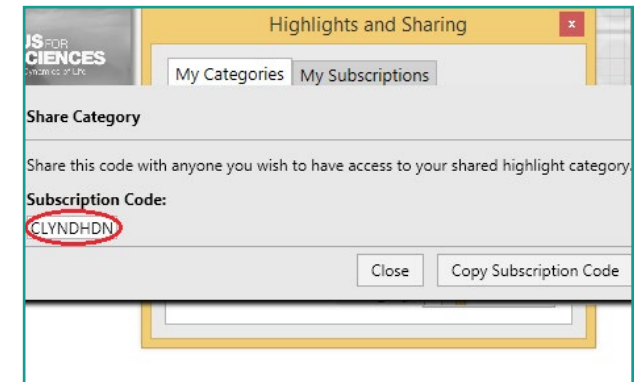

1 Go to the *Highlights and Sharing* page.

In the Options menu (next to your email address), click **Highlights and Sharing**.

2 Share a category.

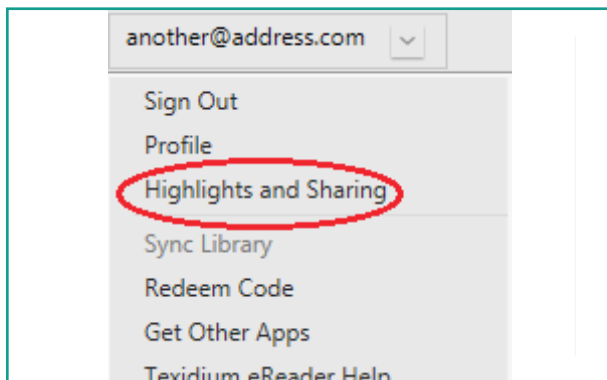

On the **My Categories** tab, click the arrow beside the note/highlight category you wish to share, and then click **Share**. If you wish to share a new category, click **Add Category** and create it first.

3 Distribute your subscription code.

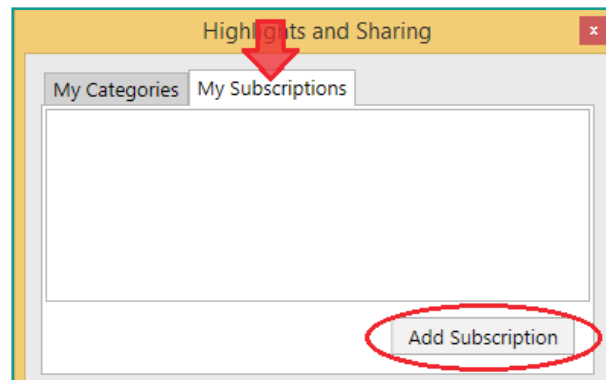

A subscription code is generated when you share a note/highlight category. Copy this code and distribute it (e.g. by email) to everyone you wish to have access to the category.

Subscribing to Shared Notes

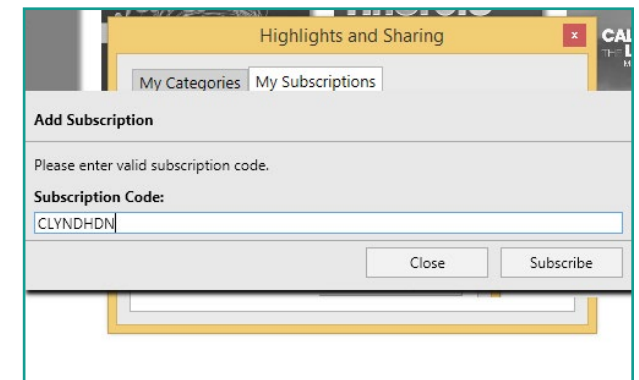

1 Go to the *Highlights and Sharing* window.

In the Options menu (next to your email address), click **Highlights and Sharing**.

2 Add a subscription.

On the **My Subscriptions** tab, click the **Add Subscription** button.

3 Enter your subscription code.

Enter the subscription code the sharer gave you and click **Subscribe** to gain access to the shared category and all notes/highlights in it.
